Any other relevant information							
Date of risk assessment	6th Feb 2023	Date of event	Usually weekly	Assessment completed by (name/role)	Pat Kelly		

Category	Hazard	Who might be harmed and how?	What controls are already in place?	What further controls/actions are required?	Timescales for further actions	Responsible Person (Role)
				1.		
St Aidan's High School, Wishaw	Walking from car park to school doors. Potential to be hit by car, also possible collision between vehicles.	Drivers, Athletes, parents	Speed limit posted on premises. Car park spaces are designated, leaving safer walking areas	Reinforce advice given to athletes regarding traffic.	Immediate	Pat Kelly Head Coach
Training – running round school	Unknown traffic using route or hazards on route caused by workers or weather.	Athletes	Route to be checked by group coaches to ensure route is clear and no hazards are underfoot. Ensure lighting is adequate.	First run to be at a steady pace to allow athletes a chance to avoid any unnoticed hazards. Luminous vests to be worn by coaches and athletes.	Immediate and every time.	Group Coaches.

Category	Hazard	Who might be harmed and how?	What controls are already in place?	What further controls/actions are required?	Timescales for further actions	Responsible Person (Role)
Running in nearby streets which are familiar with athletes.	Traffic knocking down athletes. Athletes being attacked by persons unknown. Injury during run	Athletes	See accompanying list of existing controls.	See accompanying list of controls. *St Aidans training – use of streets.*	Next training session which is 14th Feb 2023 We will revise existing measures.	Group Coaches
St Aidans' High School Wishaw. Circuit training in a gym hall.	We move around the gym hall and have limited areas to store bags	Athletes or coaches could trip, perhaps at speed and perhaps hitting brick walls fairly fast.	We store bags in corners of the hall.	We will store bags outside the hall.	Next session (7th Feb 2023)	Group Coaches
	Incorrect posture or movement when doing circuit drills	Athletes may stress muscles.	Coaches have demonstrated the correct action of each drill.	Coaches will demonstrate again and observe and reinforce correct action.	Next session	Group Coaches
	Using school equipment which may not be fixed or fitted	Athletes	We use limited school fixtures	The school fixtures we use will be checked each week before use and athletes positively advised it can be used, rather than assuming it is safe	Next Session	Group Coaches
